## Booking your wedding cake:

- It is best to book your wedding cake about 4 to 6 months in advance as limited bookings, especially for delivery, are taken.
- 1hr Consultations are held on a particular Tuesday per month – you can contact me via [sam@weddingbakery.co.za](mailto:sam@weddingbakery.co.za) for date and times information for 2018. (At your consultation we will finalize your design, discuss all the logistics and you will take home a little taster sample box, which is complimentary, from which you can decide on your cake flavour.)
- Once you have decided to confirm your booking and the details thereof, there is a 50% deposit payment due. (Bookings, however, are not confirmed until payment has been received. Your deposit secures your booking and is non-refundable.) The balance is due either in cash on collection, or via EFT the day before delivery.
- Delivery is optional, at an additional charge depending on the distance to the venue, at your own risk.
